

## Pre-eminent and Genuine Consultant

---

One name you can trust,  
when you think of  
Occupational, Safety,  
Health & Environment (OSHE)

## few words from **Director**

**Vineet Chauhan**  
(Director - Samtech)

I always followed the instinct to turn people mind blocks from orthodox to achieve highest quality standards, since the inception of Samtech.

With the thoughts of improving the system, what better can be done to achieve results with safety and minimal chances of error. Since I initiated the idea of Samtech, I have firmly believed that improvements cannot compromise quality. In OSHE field, a error can be fatal & can harm any human being, something that you cannot compensate. This is the only reason that we at Samtech are committed to maintain the highest quality standards in every service that we venture in.

With a great vision & motto I present the profile, and hope that it will give you enough assurance to believe in change over for safer & brighter business.

“Safety & Health is the only Wealth”

### **SAMTECH boasts to enroll and enlist Smt. Veenu Chauhan the first woman Third Party Labour Law Auditor certified by the Panel of Officials of Labour Department of Uttarakhand (UK)**

First woman Labour Law Auditor in Uttarakhand (UK) is a step towards women empowerment in the State of UK. Smt. Veenu Chauhan has been certified as Third Party Labour Law Auditor. Recently the Government of UK had invited applications from all over the State of UK fulfilling the eligibility conditions for certification as Third Party Labour Law Auditor for taking up third party audit in the factories situated in the State of UK. Smt. Veenu Chauhan the only women applicant appeared before the panel consisted of Officials of Labour Department of the State of UK for interview and selection.

SAMTECH boasts to enroll and enlist Smt. Veenu Chauhan the first woman Third Party Labour Law Auditor certified by the Panel of Officials of Labour Department of UK.
